

Polish language Christian literature for the UK

A catalogue showing prices and availability in the UK, correct as at 1 April 2009.

This list has been put together following the Pole to Pole consultation held in December 2008, facilitated by Global Connections and the Evangelical Alliance, with major support from European Christian Mission, the Fellowship of Churches and the Nova Research Centre, for use of those working amongst Polish people in the UK. This resource paper will remain on the Global Connections website www.globalconnections.co.uk for the use of any wishing to share the Good News of Jesus Christ amongst Polish people.

We are keen to keep this list up-to-date and would be especially pleased to hear of any corrections and additions, so please do contact us with details of relevant Polish literature that you recommend, available in the UK.

Compiled by Ann Bower, Global Connections
