

About us

Global Connections is a growing, vibrant network of UK agencies, churches, colleges and support services linked together for resources, learning and representation. Together, we seek to serve, equip and develop churches in their mission in order to fulfil our shared vision of '[Mission at the heart of the Church, the Church at the heart of mission](#)'.

By operating as a network we believe that we are better able to tackle the many and diverse situations that we each face. As we move into the 21st century, with the dramatic changes taking place in the world around us and in the nature of mission, this may be more true now than ever before.

With over 300 agencies, churches, theological colleges and support services. Our members include organisations of all sizes, working in countries all over the world and with a wide variety of ministries. By drawing on this wealth of experience and expertise we seek to address the key ongoing challenges in mission as well as discussing how best to tackle some of the emerging issues.
