

EEMA

The European Evangelical Mission Association encourages mission from, to and in Europe

The vision of the European Evangelical Mission Association (EEMA) is to mobilise the Church for mission and to further the Kingdom of God in Europe and world.

EEMA is involved in various initiatives:

- Liaising with those involved in mission in countries where there is no existing national mission movement
- Providing a forum for all those involved in Member Care in Europe
- Providing a forum for those working with Third Culture Kids (TCKs) across Europe
- Supporting the Back to Europe initiative

Who belongs?

EEMA is an alliance of 14 national mission movements and missionary task forces of countries across Europe, working closely together with the European Evangelical Alliance (EEA) and other networks.
