

List of forums

Have you ever felt isolated in your role amidst ever increasing pressures and responsibilities? Our forums are designed to provide opportunities for people in the network with similar roles or ministries to meet up, share and encourage each other as well as working together to improve common practice.

Each forum has its own distinctive style and way of working. Some meet three times a year for an afternoon, others less frequently. Some concentrate on training and bringing in external facilitators, whilst others focus on developing common guidelines for good practice. The ways in which each forum operates, including the topics for discussion, are determined by a small core group of individuals from within the mission community.

All forums are open to staff of member organisations and churches. Many meetings are free to members or have only a nominal charge to cover costs. Whatever your role in a mission agency, theological college, support agency or church, with over twenty groups to choose from, there should be something for you.

-  [Africa Forum](#)
Addressing key issues relating to mission in Africa
