

Network events

Search the calendar for coming Global Connections events

Global Connections organises a wide variety of events and forums. Forum meetings bring together those involved in a particular type of mission activity, area of the world or back-up role. There is also an annual residential conference among other events. Most of the events are open to both members and non-members but there is usually an additional charge for non-members.

Events for the next six months are listed below. To look at events further in advance, change the details in the quick select box under 'when' in the right-hand side of this page.

The following events that match your search are running between Monday 12 May 2008 and Sunday 30 November 2008.
